

LYNCH FLAYS BANKERS' 'COWARDICE'

PEACE PLAN GOES TO WILSON

Mediators Agreed on the Elementary Propositions
Negotiations at Niagara Falls Prove Successful

WASHINGTON, May 28.—The main stages of the negotiations at the Niagara conference have been reported to President Wilson under the reference to which the American delegation are acting and the peace plan is being prepared. It is reasonably complete and is the result of the discussions of the peace plan.

There has been no effort so far to make the peace plan into a protocol, but the various propositions stand out, and it is believed that the peace plan will be a complete protocol when it is found necessary to do so.

PROTOCOL PROMISED.

The tentative protocol, if such a thing can be called at this stage, would omit some of the most dangerous factors which must enter into the final settlement. It is regarded by administration officials here as most promising and, considering the limited period of time the mediators have been at work, the success so far attained has been remarkable compared with similar negotiations.

Following the launching of negotiations of war for Huerta from the two German liners at Puerto Mexico, a large number of the German liners are due at Manzanillo, and the German liner Bremen, which has been hovering around Mazatlan, has come down the coast and through the latter report is lacking in official confirmation, so far it is understood that the German liner Bremen, which conveyed the Frangia to Puerto Mexico, on the

Mrs. Stratton's Will Admitted to Probate

The last will and testament of Mrs. Grace G. Stratton, wife of Frederick S. Stratton, has just been admitted to probate in the Superior court. Mrs. Stratton has been appointed executor to serve without bond. Mrs. Stratton left a large estate, consisting of money and real estate, which had been given to her by her husband during her lifetime. The will is as follows:

"OAKLAND, March 27, 1902.

"I, Grace G. Stratton of Oakland, Cal., do hereby make and declare this my last will and testament.

"I give, devise and bequeath to my husband, Frederick S. Stratton, all of my estate both real and personal, of which I may be possessed.

"I make no provision for my daughter Anna or for my son Frederick for the reason that I believe that my husband will sufficiently care for them.

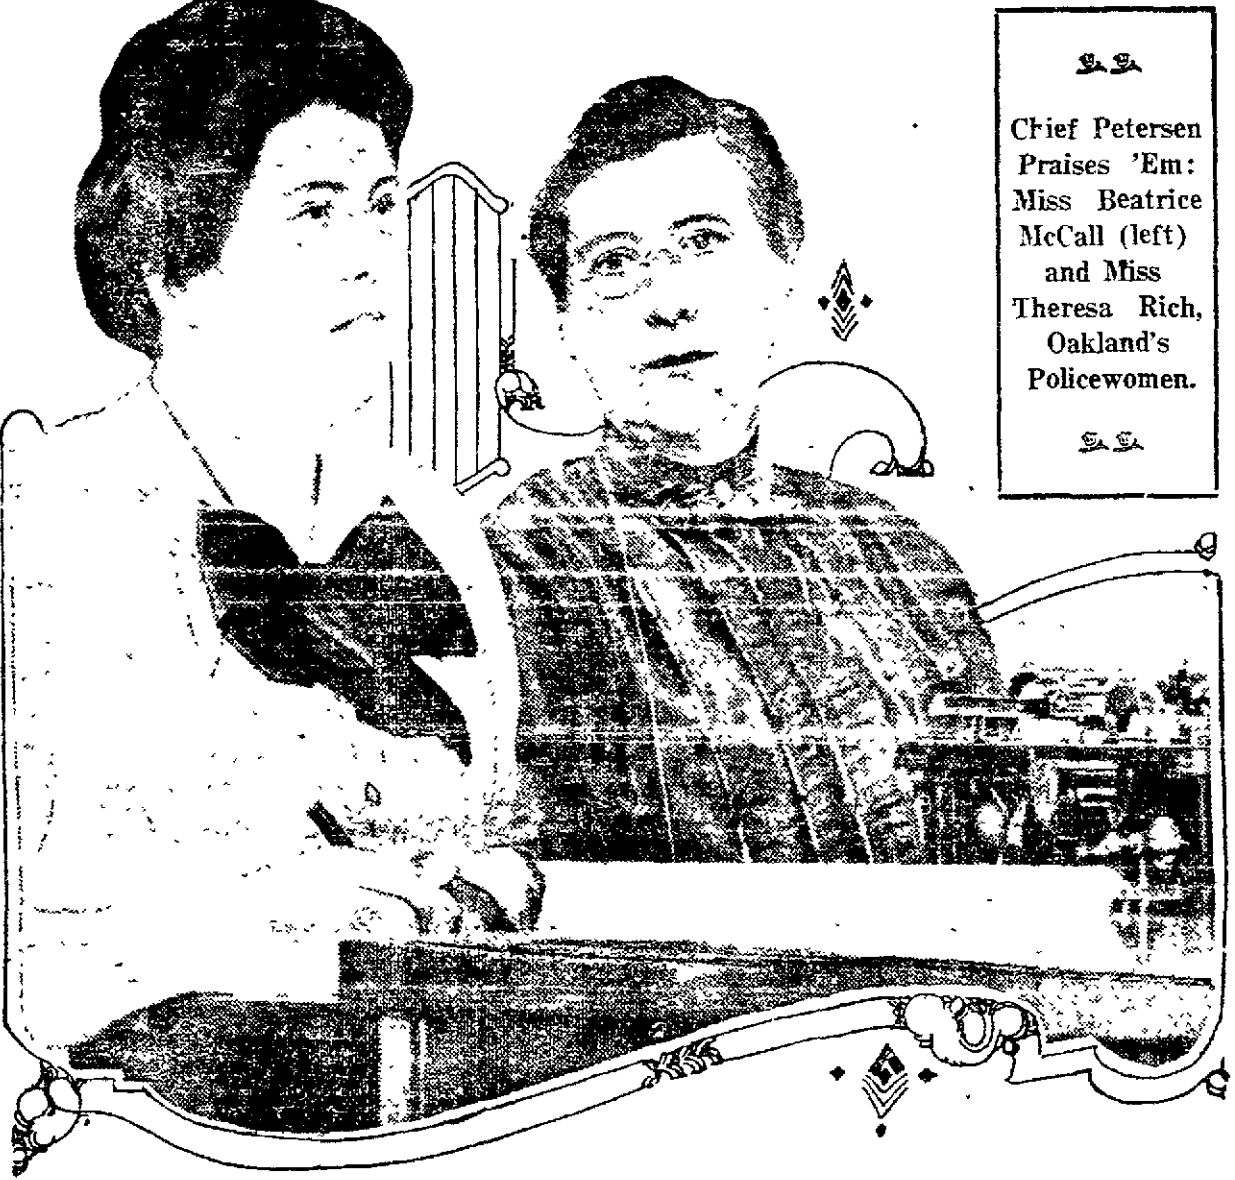

"I nominate my husband, Frederick S. Stratton, sole executor of this my will, to serve without bonds and with power to sell any of my real estate without order of court therefore.

Witness my hand at the city of Oakland this 27th day of March, 1902.

(Signed) "GRACE G. STRATTON."

\$5,000,000 IS LOSS HAVE WORK TO DO REPORTS ON WATER

Krutchschnitt Tells of Decline in Earnings of Southern Pacific.

SAN FRANCISCO, May 28.—Julius Krutchschnitt, chairman of the executive board of the Southern Pacific, said on his arrival here last night from Del Monte that the company had suffered a loss this year in gross earnings of more than \$5,000,000, as compared with the figures for the same period in 1913. Unfavorable industrial conditions were given as the chief cause.

The Southern Pacific company, which today ordered work stopped on its million-dollar depot at Third and Townsend street, has found it convenient, because of better facilities in Oakland, to make a complete re-equipment of its trains between this city and Los Angeles. Within the short space of one year the through trains to the south leaving Oakland have been doubled, whereas those departing from the Third and Townsend street depot have been cut in half.

Officials of the company would not admit this morning that their dispatching trains from Oakland pier was being carried on because of the lack of facilities on this side, but they did freely confess that it was far more convenient for their through passenger business to use the Oakland terminal facilities.

OAKLAND TRAINS INCREASED.

It is for this reason that the trains leaving from the east side of the bay have been increased at the expense of the service from this side. One year

(Continued on Page 2, Col. 6.)

Women Police Officials' Duties Are Numerous. Declare Officials.

Women, cheer up! You're of some use, even in a police department.

That's what the Chief of Police of Oakland said to the Chief of Police of Los Angeles, and what the Chief of Police of Los Angeles said to the Chief of Police of Oakland.

There were many conjectures as to what else was said.

But—here's the secret—they talked about "Coppetts."

Oakland's two "Coppetts," Miss Beatrice A. McCall and Miss Theresa Rich, probably never knew how highly Chief of Police Petersen valued their work until the chief recently visited Los Angeles. There he and Chief Sebastian held a symposium on the work of women policemen and both reached the same conclusion, had, in fact, before the discussion. The verdict is, "They're all right."

"Women," said the chief of the Oakland police to the chief of the Los Angeles police, "are a necessity in our present condition. The work of the women in police matters is one of prevention rather than catching criminals. The work is greatly diversified, and it requires a woman of great executive ability and diplomacy. Of course the greater amount of their work is looking up and keeping track of delinquent women. To the policeman is due the rescue of scores of girls and the reclamation of many fallen women."

PICKS OUT GIRL.

Said the Los Angeles Chief to the Oakland police:

"The copette goes into a dance hall where she has seen a girl who should not be there, and takes her home. And then she picks out the girl whose steps are on the downward path."

(Continued on Page 2, Col. 1.)

Consulting Engineer Submits Data on Water Company Expenses to City.

Consulting Engineer J. H. Dockweiler filed with the City Council this morning his report on the expenses of the Peoples Water Company for the months of March and April, which was accepted and placed on file. The report shows the operating expenses for March to have been \$24,281.69 and for April \$22,882.97.

The period from January 1 to April 30 is also covered by the report as follows: Pumping expense, \$19,375.12; distribution expense, \$22,456.67; commercial expense, \$15,378.77; general expense, \$27,394.77; total, \$94,515.73. Taxes amounted to \$44,068. The income was \$327,534.60, divided as follows: Water rents, \$219,978.81; piping, \$54.35; land rents, \$7230.41. The excess of receipts over expenditures was \$189,740.87.

Commissioner F. J. Turner raised the question of the advisability of retaining Dockweiler as consulting engineer at a salary of \$5000 a year.

"It is necessary," he said, "when the fixing of water company rates is now in the hands of the State Railroad Commission."

Assistant City Attorney Beardsley was consulted and referred the council to the special attorneys, who are conducting suits on behalf of the city, against the Peoples Water Company for alleged excessive charges in rates. Dockweiler is a witness for the city in these cases.

TAKES DRUG WHEN PUT ASIDE

Her Husband and Affinity Sign Agreement for Divorce

Losing Love of Both, Despairing Wife Commits Suicide

"I, the affinity of Mrs. Mabel Claire Routh, aver that love and affection started between Mrs. Routh and myself two months ago.

"The parting was caused by Mrs. Routh coming into my room and putting her arms around my neck and telling me she loved me. "Since that time we have loved each other, and she has shown her affection by loving and kissing me.

"I have agreed to keep the said Mrs. Routh after she has had her divorce. This I swear to."

The "affinity agreement" signed by Charles A. Brown, supposed violator of which caused the suicide in Richmond yesterday of Mrs. Mabel Routh. Finding that Brown no longer loved her, the woman drank strychnine.

BRIDE TO FOLLOW HER ALIEN SPOUSE, EXILED TO JAPAN

SAN FRANCISCO, Cal., May 28.—Asserting that she will accompany her husband, who was ordered deported to Japan by the federal court, Mrs. Manzo Goto, who before her marriage was Louise McElwain, is in San Francisco to arrange her passage.

The couple were married on the high seas by a launch captain several months ago. Goto recently was convicted of being an undesirable alien, having been captured in an alleged attempt to smuggle Chinese into this country.

GHOST TALE TOLD IN TRIAL

Spooks and Mysterious Writings Recounted in Court

Mysterious happenings in and about Hayward during the last year have cropped up in the criminal trial of John Simmons, who is accused of assault with intent to murder J. R. Rittenbourn. The story of ghosts who wandered about at night and of hand writing on public buildings and other places about town are believed by the authorities to have had something to do with the circumstances which led up to the trouble between Simmons and Rittenbourn.

At the conclusion of the trial yesterday afternoon District Attorney Evans asked Superior Judge Whelan to order Simmons locked up in jail until after the trial, stating that word had reached him that threats had been made against witnesses for the prosecution.

(Continued on Page 3, Col. 1.)

Harry Ables to Join The Oaks This Week

Harry Ables, the star southpaw of the Oakland ball club, will report to the Oaks in Los Angeles tonight, according to private advices received today from Manager Devlin in the south. Ables has been at his home in Terrell, Tex., having announced during the winter that he was through with baseball.

Following a letter received from Ables last week by Billy Fitz, the baseball expert of THE TRIBUNE, a ticket was sent the pitcher and word came today that he would be on hand.

Ables is expected to help the Oakland club immensely.

KNOWLAND RETURNS HOME

Congressman Outlines National Campaign Issues

Asked what he believed would be the national issues this campaign, Congressman Knowland, on his return from Washington today replied:

"The subject of the tariff, tariff to reduce the cost of living as promised, its injurious effects upon business conditions throughout the country, the humiliating surrender of American rights at Panama, the repudiation of platform pledges, the attempt to make this country apologize to Colombia for refusing to be held up by that country during the Roosevelt administration, and in addition handling \$25,000,000 of national money in the most unbusinesslike manner, and refusal to act favorably upon equal suffrage legislation. These will be the chief issues."

Congressman Joseph R. Knowland and Mrs. Knowland, their daughter, Miss Eleanor, and two sons, Elmer and William arrived at their Alameda home this morning. The family will

(Continued on Page 3, Col. 2.)

ELECTION TO CREATE DISTRICT WILL DO NO MORE THAN THAT

Next Tuesday, June 2, is the date set for the water district election. This election is for the sole purpose of creating the district. It is not an election to buy a water plant. It is not an election in which the people will be obligated to buy a water plant. It is not an election which will take away any of the rights of the people as to future proceedings. It is for the creation of the water district and absolutely nothing else. Other steps necessary to the acquisition of a water system will be taken at subsequent elections and nothing can be done without the consent of the people at the polls. But the district must first be formed, and that is the purpose of the election on Tuesday.

100,000 Automobiles On California Roads

SACRAMENTO, May 28.—The Auto

proudest organization of sportsmen in the State because yesterday it received motor license No. 100,000 for which it has been waiting for months.

It indicates that California has 100,000 automobiles and will be used in extensive advertising along the Lincoln Highway from San Francisco to New York.

Twenty thousand three hundred sixty-one motorcycles have been registered. The total license fees are \$1,161,625.

Former Official of Berkeley Is Dead

BERKELEY, May 28.—Judge Carlos Reuben Lord, pioneer resident of Berkeley and for many years an office holder here, died today at his residence at 2005 Berkeley Way, at the age of 82.

Judge Lord came to Berkeley about 40 years ago from Ohio, his birthplace, and was engaged here for several years in the contracting business. He established in West Berkeley one of the first planning mills in this city. He was early a member of the board of town trustees.

He succeeded H. J. Squires as city treasurer, serving for four years until April, 1907, when he resigned to be succeeded by E. Z. Gove, the incumbent. He is survived by a widow, three daughters, Mrs. Hattie Frazer, Mrs. Frank Kelsey, Mrs. Bertha Bull and a son, J. C. Lord. He is survived also by six grandchildren and three great-grandchildren.

Children Bear Ashes Of Mother Over Sea

Two little girls from this city, Jessie Glanday, aged six, and her sister Lillian, aged three, are sailing to Scotland on the White Star liner Cedric, carrying the ashes of their mother, which they will bury in Bannockburn.

The mother died in this city three months ago, her last request being that her body be cremated and the ashes taken to the old home in Scotland and buried there.

The little ones were taken as far as Chicago, then placed in the care of a conductor to Jersey City. There they were met by a relative and taken aboard the big ship that will carry them to their mother's old home.

BLANCHE BATES PLAYS ONLY THREE NIGHTS MORE AT THE ORPHEUM

and she has the faculty of leading such girls into the right way.

"She rescues girls from evil associates, breaks up joy rides, and saves many a girl from a life of shame, bringing many back to their parents and teaching deceived and foolish girls wholesome truths."

"They go through the city looking for the discouraged, the deluded, the irresponsible and, each, according to her kind, is administered the proper treatment by these wise women of the police force who are the friends of the virtuous and the abandoned."

NINE AT LOS ANGELES.

There are nine women on the Los Angeles police force. Chief Sebastian wants more of them because they have proved so satisfactory.

The Los Angeles policemen have agreed upon the following composite statement of work:

"Prevented girls and young women from entering lives of shame and rescued others who were not hardened. Brought parents into closer touch with their daughters. Showed girls the folly of flirting with strangers and the danger of occasional joy rides. Embarked the girls of right living and right thinking, and explained away the folly of the so-called good time that girls seek in cafes and dance halls."

The women on the Los Angeles force, besides those named, are Mrs. Alice S. Wells, Mrs. Anna Hamm, Mrs. Loretta McPeck, Mrs. Elizabeth Feeley, and the stenographer, Miss Frances Griffes.

Oakland's policemen are Miss Beatrice McCall and Miss Teresa Rich.

DEMAND JURY TRIAL

Arraigned before Police Judge Mortimer Smith this morning on a charge of disturbing the peace, Louis Faure and Pierre Faure entered a plea of not guilty and demanded a jury trial, which will be given them on June 12. The men were arrested upon the complaint of Minnie Downing of 2510 Fruitvale avenue, who alleges that they applied derogatory epithets to her.

LYNCH BANKERS HEARKEN TO HARSH CRITIC

Address Is Sensation of State Convention in Second Day's Session.

(Continued From Page 1.)

reached the statement at Washington.

BANKER HAS INTEREST.

"The banker has the same interest in proper legislation on financial questions as the miner has in having a sharp pick and the interest of the owner, who, by providing sharp picks, secures a greater output of ore at a reduced cost."

"We cannot delude ourselves into thinking that this narrow view of financial affairs, or the poor opinion in which the banker is held, is peculiar to Washington. Our legislators no longer lead, but follow public opinion; and were not such ideas prevalent in the community they would not be voiced in Congress. I need not tell this audience that the money devil is a fabulous monster, or that a money trust is, from the very nature of money, an impossibility. Yet I venture to say that a majority of your own depositors even regard the existence of both as well established facts."

"The low estimation in which the banker is held is in large part traditional and goes back much further than the beginning of this country. The money lender has always been regarded as one who takes advantage of the needs of the poor and who has inherited the business, has inherited also the obloquy that went with it."

"Then the disappointed borrower always has been a particularly noisy person. Sometimes his plaint is that he has been refused credit, and though investigation will almost invariably disclose that he lacked either the character or the capital to justify a loan, his tales of the wrong done him by the hard-hearted bankers who could not see things his way, grow from year to year, and it is soon regarded as an established fact that he was deprived of a fortune through malice. But the woes of the man to whom banking credit has been refused are as nothing when compared with those of the man to whom it has been unwisely extended. The efforts of the banker to recover the amounts loaned are sure evidence, in the popular estimation, of a rapacious nature; and the ruin, which the borrower's own lack of prudence or business judgment has brought on him, is charged directly to the luckless lender. Every village has its familiar examples of these two unfortunate, but the present is, I think, the first time when their plaints have reached Congress."

LIES NOT REFUTED.

"More than inherited prejudice and greater than personal experience of loss or wrong at the hands of the bankers as a cause of popular distrust, we must place the power of lies long uncontradicted. If a lie well stuck to is not quite as good as the truth (as the proverb declares it to be), it still has a tremendous force, and when it has been told and repeated until it is accepted as a commonplace it takes no small effort to establish its falsity. When the cheap politician feels the need of getting into the spotlight he has only to take out of the property room the stuffed figure labeled 'The Banks,' and worry it round the stage. When the soap box orator finds the attention of his audience flagging, he can always arouse their enthusiasm by pitching into the banks, and all know that however absurd their misstatements may be they will never be answered or called on to prove what they have said. I remember calling the attention of a veteran banker to some particularly offensive misstatements that had been uttered in the State Legislature and his answer was, 'Oh, that doesn't do any harm. It's the blow off steam. Pretty soon the Legislature will adjourn, and then they will have to come around and see their uncle.'"

BERATES "COWARDICE"

V. S. McCLATCHY, WHO SPOKE ON FLOOD PREVENTION BEFORE BANKERS' CONVENTION TODAY.

particularly offensive misstatements that had been uttered in the State Legislature and his answer was, 'Oh, that doesn't do any harm. It's the blow off steam. Pretty soon the Legislature will adjourn, and then they will have to come around and see their uncle.'"

"But is it harmless to allow fallacies to pass current until they are accepted as facts? Most decidedly, No. And were evidence needed on this point it is abundantly furnished by the Federal Reserve Act and the discussions which led up to its passage."

FINANCIAL TRANSITION.

"Obviously the financial affairs of the American people are in a state of transition, and the results that will crystallize from the solution are in some degree in doubt. The banker must take his part in shaping the transition, and to show him that the country needs not more legislation but less legislation; with which should naturally come an increased respect for law and a better enforcement of the laws which can pass review by the Supreme Court of Common Sense. The part that the banker plays in this country is not more legislation but less legislation; with which should naturally come an increased respect for law and a better enforcement of the laws which can pass review by the Supreme Court of Common Sense. The part that the banker plays in this country is not more legislation but less legislation; with which should naturally come an increased respect for law and a better enforcement of the laws which can pass review by the Supreme Court of Common Sense."

relate to changes in membership rules.

MAY INSURE BANKERS.

Plans for a Co-operative Bankers' Insurance association, for protection from burglary and holdups, and indemnity for such losses, were proposed today by Dr. C. L. Tisdale, president of the Fruitvale Bank of Oakland. These matters were placed in the hands of the incoming executive committee.

"What Dr. Tisdale says is true," said one of the earnestest speakers. "The American Bankers' association was one of its big works in this very matter. Mutual companies are good. Failing this, get a policy approved by the association, for its protection. If it does not, the association quickly sees that it goes."

"Banks are made to serve society, not society to swell banking profits. When a man cannot see this he has no value to this association."

"MUST CONTROL CANAL."

"The sun never sets on our association, for it extends from Porto Rico through to Hawaii, and all over the United States. We don't control the Panama canal yet. The United States does, and I don't believe the United States purposes to let any other nation control the canal." Applause greeted this remark.

OFFICIALS NOMINATED.

The nominating committee today brought in the name of R. M. Welch, now vice-president of the First National Bank of Los Angeles, as president for the coming year. This office was conceded. The principal interest attaches to the lineup for committees.

McCLATCHY SPEAKS.

One of the interesting addresses of today's session was that on flood control, and its value in business development. This was the topic of V. S. McClatchy, president of the State Reclamation board. He outlined the features of the work along these lines in California, and then told its effect on the State's economic development.

"In submitting for consideration of a State bankers' convention a paper on 'Flood Control in California,' I have in mind that the representative banker of today is quite different in viewpoint and methods from the banker of the past generation. The banker of today is not content to sit in his office waiting for business to come to him. He has learned that his business at some point touches every important interest in his community; that his bank is not built upon an independent foundation, but upon the prosperity of those about him."

"So he leaves the detail of office management to trained subordinates; he steps to his front door and studies his business neighbors and their methods; that he may best advise and assist them; he determines the needs of the community and the relation of outside influences to its progress; he receives the news into a student of State questions; and so he grows and broadens, becoming an active factor in the progress of his community instead of simply existing as a toll from the enterprising outsiders of his fortunes, as was the practice of many of his predecessors."

1,000,000 ACRE EMPIRE.

"If that kind of banker the story I have to tell will appeal, and I tell it to this convention gladly and with enthusiasm, I think it will have earnest consideration and such action hereafter as will best promote the permanent interests of the State. 'Flood control of the Sacramento and San Joaquin rivers will make possible the creation through reclamation of an empire of 1,000,000 acres, a garden of rich, alluvial soil. That land, now useless, would be worth about \$20,000,000, and its annual productive capacity would be \$20,000,000 and upward."

"Flood control of the Sacramento and San Joaquin rivers will insure the permanent safety of three-quarter million acres of river lands, reclaimed and in process of reclamation, worth in excess of \$20,000,000, and now so menaced by the ever rising flood plane that, without flood control, its value must steadily decrease until the lands finally become subject to intermittent inundation."

"Flood control of the Sacramento and San Joaquin rivers is the only means whereby the nation's health is maintained. These rivers form the essential part of an inland waterway system, without which profitable markets for the wonderful products of the State cannot be provided. Development of her greatest agricultural resources must languish, and her opportunity for creating a world commerce and developing a great seaport be lost."

"The ends sought cannot be attained without flood control of the rivers. Because of the great interests involved, the United States and the State of Cal-

ifornia have perfected a co-partnership to carry through to completion flood control projects for these streams, the greater portion of the expense thereof to be borne by the lands benefited through reclamation. That co-partnership is unique in its essentials, is making history in conservation and will undoubtedly furnish the model upon which other States will, in time, base plans for similar enterprises."

The afternoon's session was scheduled to begin at 1:30 o'clock, so that the delegates might prepare for the automobile ride about Oakland, arranged by local bankers and commercial organizations. The afternoon program consisted of special committee reports, the election and final routine business.

The bankers were guests at many a merry affair last night, when the city was host. Most of them attended the big bankers' theater party at the Orpheum. This was one of the gayest affairs ever held in the Twelfth street home of vaudeville. Paper streamers, or runners, laughter and music mingled in one swirl of merriment. It was hard on the actors; the bankers were so busy laughing that they didn't keep their eyes on the stage, and captains of finance be-

evening. The clubs of Oakland were opened to the bankers and their wives. The Commercial Club, Athenian Club, Nile Club, Elks' Club, Mystic Shrine, Elbion Club and the Home Club, as well as the smaller organizations, left the larching hanging out for the guests of Oakland.

INFORMAL AFFAIRS. This evening the bankers and their wives, following the automobile ride, will be entertained at an informal reception and ball in the ivory ballroom of the Hotel Oakland.

Tomorrow the day will be spent on the water, the banks to visit the exposition and other day points, returning at 3:30 o'clock in the afternoon for the final session of the convention.

The executive council and group committees will hold meetings some time late this afternoon. Charles M. Griffith, member of the First National Bank of Oakland, P. E. Hatch, president of the Long Beach National Bank, and Elliott McAllister of Marysville, will be among the prominent figures in this session.

A number of important addresses yesterday closed the first day's session. Among these were talks by F. L. Lippman, who spoke on the federal reserve act in the "symposium" in which James K. Lynch, Stoddard Jess and George W. Pettier, were also heard; the income tax law discussion by Collector of Internal Revenue J. J. Scott; a discussion of the workman's compensation act, by Colonel Harris Whitstock; and a discussion of insurance, by Dr. Charles L. Tisdale, president of the Bank of Fruitvale.

WORK ON COMMITTEE.

The committees appointed by President Behrens this morning began active work. These are as follows:

Nominating: Joseph D. Radford of Los Angeles, George W. Pettier of Sacramento, Irving F. Moulton of San Francisco; elections: J. Smith of San Francisco, A. Peter of Coalinga, J. E. Baker of Alameda, F. H. Deeman of Petaluma and O. M. Sothen of Los Angeles.

Vice-President R. M. Welch was nominated for president to succeed L. P. Dehrens. Charles A. Smith of Oakland was nominated vice-president, and W. H. High of the Argonaut and Western Pacific National Bank of San Francisco was nominated for treasurer. The election is to be held today.

For members of the executive council to serve three years to committee nominated C. A. Smith of the Bank of York, High of the Argonaut and Western Pacific National Bank of San Francisco was nominated for treasurer. The election is to be held today.

California members of the American Bankers' Association met yesterday in the recesses of the regular state association convention, Joseph D. Radford of Los Angeles acting as chairman.

WHOM THEY CHOSE.

To serve three years as members of the American Bankers' Association executive council, E. A. Edwards of Pasadena and L. P. Dehrens of Redwood City were nominated. H. S. Fletcher of Woodville was nominated for vice-president of California for one year and F. J. Belcher of San Diego was named member of the nominating committee which will meet at the October convention of the American Bankers' Association at Richmond, Virginia.

An amendment to the constitution to the effect that a branch bank maintained by a member shall not be entitled to the privileges of membership unless it applies for separate membership was read and will be voted on today.

The reserve act was unanimously commended.

All Oakland Bank Officers Autoists?

Every bank officers in Oakland has an automobile. This was reported officially at the Bankers' Convention this morning, and demonstrated at the big automobile ride this afternoon.

"I don't think even Los Angeles can say as much," declared L. M. Harper, one of the visiting bankers, himself a motorist. "If it's so it's a tribute to Oakland's business."

Banker Hatch Not on His Honeymoon

P. E. Hatch of Long Beach is busy explaining to fellow visitors at the Bankers' Convention that he isn't combining a honeymoon with his visit to the convention. It's all the fault of Victor Reiter, manager of the Hotel Oakland. Reiter put them in a hurry.

Marvels at View of City Through Telescope

"I had no idea Oakland was so big," declared Col. Fred E. Farnsworth this morning after viewing the city through the telescope of the Commercial Club. "Here I can see all over with this glass and I can't see beyond the city limits." Assistant Secretary Wullenmire was forced to explain that part of the view was obscured by buildings and others.

TELEPHONE BELL IS REAL BURGLAR ALARM

Frightened by the ringing of a telephone bell, a burglar who had forced his way into the apartment of Mrs. E. Clark at 25 Twenty-fourth street early this morning, fled without securing any valuable. The intruder had carried a ladder

window, and crawled through. Mrs. Clark discovered the ladder.

\$5,000,000 LOSS BY S. P. RAILROAD

Kruttchnitt Declares There Has Been Big Decline in Earnings.

(Continued From Page 1.)

There were four coast line trains for Los Angeles leaving San Francisco daily. Now there are but two. There were formerly only three trains out of Oakland. Now there are five. One of these, the Sunset Express, goes from Oakland to San Jose via Newark and thence down the coast line. This train formerly left from San Francisco.

"We found it necessary to use the Oakland terminal because through sleepers could more easily be coupled on to the train and our business could

better be handled by the dispatching from Oakland pier instead of sending the train out of the Townsend street depot and having to make it up at San Jose," said one of the officials today.

The Southern Pacific has stopped work on the new depot pending the result of a referendum petition to the voters asking for a revocation of their franchise. Unless the referendum is now going over the petition for revocation, a sufficient number to change out the application, the depot cannot be finished for the 1915 fair. If no forgeries are found and an election is held, the work on the depot will probably be permanently discontinued.

HELD TO ANSWER.

SAN FRANCISCO, May 28.—Peter D. Findley, a Mission dancing instructor, charged with an attack on Anita Bluthen, was held to answer by Police Judge Sullivan today to the Superior court. He was released on \$5,000 bond.

SUICIDE EXPOSES 'AFFINITY PACT'

Husband and His Friend Both
Release Claim on
Woman.

(Continued From Page 1)

her and marry her. Brown promised. So the "affinity agreement" was signed.

AFFINITY WITHDRAWS.

Later, said Routh, he filed suit for divorce. Yesterday, he declares, the affinity came to the house, declared that he did not care for the woman as deeply as before and withdrew his belongings, left the house. Routh left for his work at the oil plant.

Mrs. Routh was alone in the house with W. L. Helling, another Standard oil employee who has a night shift and sleeps during the day. Helling was awakened by the screams of the woman after she had swallowed

"John and Charles have fooled me," she shrieked, as she writhed in convulsions on the floor. Helling summoned medical aid, but the woman was dead before a doctor arrived.

Routh declares that, following Brown's statement that he wanted the "affinity agreement" broken, he and his wife decided on another plan. He declares that he suggested that they separate, but he not divorced, and that she go to San Diego to live with her mother, Mrs. Brown.

A few hours later she drank the poison. ENTRAPPED FROM BOTH.

The couple had been married eleven years. A six-year-old girl, Thelma, is in the California Home for the Blind. They had lived in Richmond for some time.

Routh had planned, he declared, to withdraw the divorce suit filed in Martinez this week.

"My wife promised that I and she should separate and that she should go to San Diego with Thelma," he declared. "I would have supported them."

A short time after her husband's departure from the house yesterday Brown returned to the woman.

"Mabel, I don't love you," he is reported to have said, "but if your husband leaves you I will support you."

Trouble, according to Routh, began last Monday evening when he, returning home, saw the couple together through a window. He entered the house, he said, and ate his dinner without making known his discovery.

He then called the two into the kitchen, he said, and told them that he had discovered their infidelity. He says, and he declared on the stand, that he was not a violent man.

His wife wept and said that she had been deceived. He declared, readily agreed to assume his place as the woman's protector.

The affinity agreement was then signed and dated May 22.

HUSBAND THREATENS.

Mrs. Routh was 32 years of age, the daughter of a well-known San Diego family. Her mother is Mrs. Mary Woodward Morse. Routh declares that he has signed confessions from both his wife and Brown of their relations. These, however, he did not desire to have made public.

On this morning, and is declared to have threatened to kill Brown on sight. The police confiscated the pistol and warned him against any rash act, receiving a half-promise to refrain.

The entire matter is being gone into by the coroner's office and all the papers will be produced at the inquest.

Swain, Hungry, Calls
For Aid at Corning

SAN FRANCISCO, May 28.—Frank A. Swain, the former really salesman and son of the proprietor of the famous Swain's bakery, who disappeared last Tuesday, was the man who visited a drug store, at Corning, Cal., Sunday morning. A telegram received today from Dr. Byron Dutton contains the information that he was murdered.

The police received a communication from Dr. Dutton which he forgot to sign in which he said that a man answering Swain's description had appeared to him for aid, saying he was hungry. The physician gave him 20 cents and he left. The police immediately sent a letter to the Dawson Drug Company containing Swain's photograph.

DAMAGES SOUGHT FOR
STREET CAR COLLISION

Suit for \$5000 personal injuries was filed today by Hugo P. Frear against the San Francisco-Oakland Terminal Railroad as the result of an accident on March 22 last when his automobile was struck by a street car at Ninth avenue and East Fourteenth street.

of Mr. and Mrs. Travis Hogan of Rust and Arthur Lincoln Brodt, a young business man of this city and son of Abraham Lincoln Brodt, a mining engineer, were married by Judge Quinn yesterday. Friends of the couple were invited to a wedding banquet, after which Mr. and Mrs. Brodt left for a honeymoon trip in the southern part of the state. They will make their home in Los Angeles.

POPULAR COUPLE WED.

Fraud Laid at Door
Of Missing Officials

SAN FRANCISCO, May 28.—Four officials of the Mexican Gold and Silver Mining Company are charged in a suit filed here by J. H. Berghaus and Wm. C. Ralston, stockholders, with having manipulated fraudulently the company's stock. The defendants are H. L. Stevens, president; John Landers, vice-president; and G. E. Armstrong and Whitman Symmes, directors.

The corporation's capital stock is given in the complaint at \$504,500.

SAYS WIFE ENTERTAINED
WHILE HE WAS AWAY

Mrs. Anita Jackson, who is suing her husband, Dr. Roy A. Jackson, for divorce, thought that everything was smooth sailing for the decree during the trial of the case today before Judge Aaron Turner. pro tem, sitting in the extra sessions until all witnesses for the defense took the stand and told the story. Mrs. Jackson alleged that her husband had called her names and made insinuations as to her character.

The defense introduced testimony to show that on one occasion while the husband was away, his wife had given a "party" for several of her friends, three women and three men, and that all of them stayed until just before dawn. The matter has been continued for the taking of further testimony.

KNOWLAND STATES NATIONAL ISSUES

Congressman, on Return From
Washington, Talks of Leg-
islative Affairs.

(Continued From Page 1.)

become a law at this session, although they will all pass the House.

Congressman Knowland was a member of the sub-committee that framed the bill to create an interstate trade commission. He believes that this legislation is along the right lines. The new commission will supersede the Bureau of Corporations, but will have broader powers of investigation.

"Business men in my opinion," declared Knowland, "will find this commission helpful in assisting them in solving many of the problems arising out of the enforcement of the anti-trust laws."

Discussing the Mexican situation, the California representative said: "Members of Congress are hopeful of results from the A. B. C. mediation. It is a difficult problem. Not only do we have Huerta to deal with, but Villa and Carranza as well. Villa, the bandit and murderer, is no improvement over Huerta. Should any attempt be made to recognize Villa, there will be a tremendous protest throughout the country. Congress is anxious to uphold the President in his Mexican policy if they can find a way to do so."

At the same time, he said, the President is willing to go it blind, and the soldiers are sailing in to occupy Mexican soil. All our present trouble is due to a grave mistake at the outset, but in the meantime every American should uphold the hands of the Administration.

MUCH FOREIGN BUTTER.

"Figures are now available showing the importations during the first six months under the new free trade tariff. From the California standpoint the figures are illuminating. Foreign butter to the extent of 6,492,858 pounds has been imported as against 648,133 pounds for a corresponding period under the Republican tariff, an increase of 901 per cent. Chinese and other foreign eggs totaling 1,160,388 dozens, at 451 per cent increase arrived in the United States. Almonds show a 118 per cent increase, beans 51 per cent, walnuts 79 per cent, raisins 62 per cent, lemons 60 per cent, olive oil 54 per cent, olives 23 per cent and figs 16 per cent. There are many other increases.

"It should be borne in mind that foreign producers have not become as active in reaching out for markets as they will later on, and the tariff time since the bill went into effect. In the meantime the consumer is receiving no benefit, the foreign importer pocketing the difference and the California farmer being compelled to meet the foreign competition."

CONCERNING TOLLS REPEAL.

"The Senate is still struggling with the Panama tolls repeal bill. There is a growing sentiment in that body for a submission of the question to arbitration instead of surrendering every right on the isthmus without any attempt to settle through diplomacy."

British protest denies our right to pass our own battleships through the canal. Many other important questions are involved. Some of the strongest speeches in the Senate against repeal have been made by Democrats. Senator Walsh of Montana, secretary of the sub-committee that framed the Baltimore platform, gave the inside history of the insertion of the free toll plank, declaring that it was far from being inserted "arbitrarily" as some Democrats had charged, but was embodied most deliberately, submitted to Bryan, who placed it in his own handwriting. It was a most crushing reply to those now attempting to repudiate the platform."

WOULD HELP STATE.

"William H. Wheeler of the traffic bureau of the San Francisco Chamber of Commerce, in his recent testimony before the Senate committee on Inter-oceanic Canals clearly showed the tremendous benefits that would accrue to California shippers and consumers as a result of the free toll provision in the existing law applying to coastwise ships. He answered completely the charge that these ships were owned by railroads and trusts which would absorb the toll, by showing that the canal act prohibited any ship owned directly or indirectly by a railroad from passing through the waterway, and also any trust controlled ship. Those who make this charge are ignorant of the provisions of the canal act."

RECOGNITION BY U. S.

Prompt recognition of the provisional government would be given by the United States.

Withdrawal of American troops is expected by the Mexican delegates to follow as a matter of course as soon as the new government is installed.

While there may be no formal declaration on the subject, the Mexican delegates expect a tacit understanding to be reached that the United States will regard as legal the financial transactions of the present Mexican Congress.

In the protocol here will be proclaimed the policy of the United States toward the Mexican situation. It is also probable that this list has been sent by the Mexican delegates to General Huerta.

It is understood there will be no reference in the protocol to the details of future elections, either as to foreclosing any individuals from becoming candidates or prescribing the electoral machinery. The protocol will declare simply for a general election, fair to all factions, and looking to the establishment of a permanent government. The new president would serve until 1916, filling the unexpired term of the late President Madero.

OBJECT TO FORM OF RULE.

The Mexican delegates have looked with disfavor on the proposal that a commission government should be established provisionally pending election. They have contended that it would be unconstitutional. The ministers contended that it would be unconstitutional. The ministers who are understood to have received the idea

that difficulty by preserving the forms of the Mexican constitution. The provisional government is a form of government, to all intents and purposes, will act as a unit in resolving the various questions incident to re-establishment of a permanent government. The executive power, according to the Mexican constitution, is vested in the President, who is now in power.

least coast, the Japanese warship will accompany the expected merchantman to one of the ports for transportation by rail to the Mexican capital.

ORDERED MONTHS AGO.

The Japanese arms and ammunition were ordered by Huerta many months ago.

Treasury experts, discussing the landing of the cargoes of the Ypiranga and Bavaria at Puerto Mexico, dismissed as erroneous the theory that the masters of those ships would render themselves liable to punishment

other than that to which they were originally consigned. There is nothing in American law at least, to prevent consigners changing destinations of cargoes.

Absence of a proper manifest, however, is punishable, and General Funston would be within his rights in detaining the Bavaria if, as reported, that steamer had appeared at Vera Cruz without such document.

REPORTS FAVORABLE.

At the White House it was said that no formal agreement for the pacification of Mexico had been received from Niagara Falls. The reports of the American delegates which have been coming in at each stage of the negotiations, however, have been so favorable that the situation, it was said, would permit assembling the decided points into the form of a definite agreement very soon.

Representatives of the Constitution- alists conferred with Secretary Bryan again today, and reiterated that steps were being taken to definitely establish relations with the Carranza element with the Niagara conference. They added that Constitutional delegates, if they go, would have the same rights and powers as are enjoyed by the American delegates.

Bryan said that in the absence of official information that General Funston was holding the Bavaria, he could not discuss that phase and also declined to say how the United States regarded the landing of the war cargo and after it had been assured that the officials of the Hamburg-American line would order that both the cargoes of the Ypiranga and the Bavaria be turned back as was the cargo of Kron Prinzessin Cecilia.

Of the Niagara conference Secretary Bryan said he had been in communication with the American delegates again early today and that "everything was progressing favorably."

HEAT IN EAST PROVES FATAL

Lives Are Lost in Storm and High Temperature of Two Days.

With a promise of slightly cooler weather, today, the East is taking toll of death and destruction from heat and lightning which swept many states. A severe electrical storm ended a day of prostration in New York and Pennsylvania.

WHAT THE STORM DID.

Killed three in New York, beside injuring a score and doing thousands of dollars in damage.

Two of the victims of the Philadelphia fire by bolt of lightning. Damage, \$25,000.

Two fatally hurt at Towanda, Pa.

Twenty-five buildings destroyed by fire started by lightning at Columbia, Pa.

Two dead and score prostrated in New York.

Four dead in Philadelphia.

Two prostrated in Indianapolis.

FOREIGN TRADE EXPANSION URGED

Secretaries Bryan and Redfield Address Commerce Convention.

WASHINGTON, May 28.—Assurances by Secretaries Bryan and Redfield to the national foreign trade convention, in session here, that the administration earnestly desires to increase American foreign commerce and to widen the field of American enterprise through cooperation with the business men of the country, was being discussed with keen interest today by delegates to the convention.

As prime essentials in this movement, Secretary Bryan, Senator Burton of Ohio and other prominent speakers advocated a spirit of peace and good will toward all foreign nations and a policy of honest business dealing.

The administration's announced policy of heartily supporting the "get together" movement for the further expansion of American commerce in foreign fields which, while doubtless already known by the delegates, was emphasized by Secretary Bryan and Redfield not only gave assurance that President Wilson was desirous of aiding in the development of the country's commerce abroad and at home, but that the departments over which they presided—the departments of state and commerce—would lend every legitimate assistance to the movement. Members of the convention expressed the opinion today that these assurances would give increased impetus to the movement.

TELLS OF LEGISLATION.
After telling the delegates of President Wilson's desire "for those policies which will promote our industry at home as well as abroad," Secretary Bryan reviewed in great detail the principal steps that had been taken by the administration which, in his opinion, "tend directly and necessarily to promote commerce." Among other things the Secretary referred to the tariff, the currency act and adoption of a peace policy.

"In the reduction of the tariff," he said, "it has increased exchanges. The last speech made by President McKinley before his unfortunate and tragic death, expressed the idea that has now become a nation's conviction, and that is that if we are to sell abroad, we must buy from people beyond our own borders. And so anything that tends to unite nations must necessarily help those interested in foreign trade."

Secretary Bryan expressed the conviction that the new currency law would do more to promote trade in foreign lands than any other thing that has been done in American history.

MAKE FRIENDS.
The making of friends for Americans in foreign countries was another step taken by the administration, to encourage American foreign trade, according to Secretary Bryan. In this connection he referred to President Wilson's speech at Mobile, Ala., last fall, to the effect that the United States would never take another foot of land by conquest, saying that it had now come to encourage American commerce than any speech ever delivered before. By that speech, he said, the President opened the doors of all the weaker nations to the invasion of American capital and enterprise. Secretary Bryan asserted that the great fear of the weaker nations with which the United States seeks to establish trade is that an army will follow business enterprises.

Another step in the movement, the Secretary said, was that the administration is trying to unite the world in the bonds of universal peace and cooperation, when the United States invites foreign nations to adopt arbitration treaties "it does more for our nation's commerce than it can do in any other way."

Secretary Redfield epitomized the opportunity before this country. "If there is one thing Europe, manufacturers dread as regards the future of their own business," he declared, "it is that America shall awake to her privilege and power. If anything was wanted to give us confidence in our power, it is what we have done in export trade in the past year and are doing at a time when the buying power of Europe is less because of much depression and her competing power is great because of the depression."

LIVING PROBLEM GROWERS' TOPIC

Small Products While the Fruit Is Growing Considered.

DAVIS, May 28.—The problem which confronts the beginner in fruit growing of making a living while his trees are growing and reaching bearing age will be the subject of a special series of lectures at the State Fruit Growers' convention, which is to be held at the university farm, Davis, during the week of June 1 to 6.

Such subjects as small fruits, poultry, melons, sweet potatoes, cabbage, beans and many other crops which can be profitably grown between young trees will be told about by practical growers of university experts.

On Tuesday of convention week a conference on "Apple Culture" will convene at 8 a. m. and continue throughout the forenoon, while in the afternoon the subject of "Coding Moth" is scheduled.

Papers will be presented by growers and other competent speakers upon the value of the apple growers' association. The apple growers will have upon this day a little convention of their own.

On the afternoon of the following day growers, discussing the particular subject of "Blight," will be held.

All other important fruits are similarly provided for on various days.

Thursday has been made of particular interest to fruit packers and shippers. Special sessions have been provided for the Grange and the Farmers' Union, and the California Fruit Growers' Association, and all other interests closely connected with horticulture will be invited to attend and co-operate in the meetings.

There are U. S. seedling of Geneva, new York; L. B. Jones of Madison, Wisconsin; and E. B. Jones of C. E. Lewis of Corvallis, Oregon; A. H. Evans, A. P. Young and A. W. Merrill, Tucson, Ariz.; and J. H. W. of Corvallis, Oregon; C. E. Lewis of Corvallis, Oregon; and E. B. Jones of Corvallis, Oregon, as well as many other fruit growers and horticulturists are being made to run a series of lectures during the

CANADA SCORED; ONCE-POLITICIAN

Vera Cruz Consul's Work Is Criticized by High Officials.

VERA CRUZ, May 28.—W. W. Canada, the American consul at Vera Cruz, whose Representative Manuel Litterio attacked in Congress on April 27 for sending alarming reports about the situation of Americans in Mexico, calculated to furnish reasons for intervention in Mexico, is an Indiana politician.

During his sixteen year stay in Vera Cruz he has absorbed something of the Mexican idea of officialdom and he has for many years been something of a ruler in the American colony in the city. There was never any gentleness about his rule, either, whenever he had anything to say to Americans he sent the information out in the form of orders.

"All Americans must positively leave Vera Cruz at once—W. W. Canada," was a notice which he posted up about the

thought that the city might soon be crowded by refugees.

"Anybody who criticizes President Huerta in this office will be immediately removed," is another sign he once posted in the consulate.

When he was criticized for this on the grounds that it was a sign which might be seen in the office of any Mexican official, he changed the sign to include criticism of President Wilson.

"Mendell" went after Bryan harder

Canada, after he had read an American paper containing a report of Mendell's

It was elected judge in my own town three days before I was 21 years

old and I've held political jobs ever since. Somebody's always been trying to get me, but I've always had little majorities in my favor. You know, back in Indiana, when I was a boy, I discovered that you always find the most clubs under the trees that have the best fruit, and a lot of clubs have been thrown at me."

LEARNED TO SWEAR.

About the first words the bootblacks of Vera Cruz learned from Americans were swear words. It is the custom of the little fellows to interrupt the conversations of passers by offering their services of wash and not to depart until the diners order them to go, with the word, "vamosos."

When the soldiers came the pestilential little change very soon picked up the phrase "Get in here out of here!" and within a few days when a customer tried to tell them, in decent phrases, that they were not wanted, the boys, in departing would say "Get in here out of here!" evidently thinking it meant "goodbye."

"All right" was the phrase they picked up.

"Maryland, My Maryland" or all the tunes which the American military bands played in the plaza, soon became the most popular among Mexicans. Mexico has its song crazes, just as the United States has, and at the time of the American invasion, Vera Cruz, Mexico City and other Mexican metropolises read about two new pieces "Maryland" and "Saraphina."

NOW SONG HIT.

In Vera Cruz, however "Maryland, My Maryland" soon took the place in popularity of the other two hits. Small boys whistled it. It was played on pianos in gente houses and Mexican orchestra leaders borrowed copies of it from the American bandmen to reproduce with pen and ink for their players.

It is no uncommon sight, now, to see half a dozen orchestra men gathered around a pen and ink copy of "Maryland, My Maryland" all playing from the same sheet, and all playing well, to the delight of their hearers.

MOOSE TO ENTERTAIN;
LADIES' NIGHT PLANNED

One of the novel affairs of the order is planned by the Oakland Moose for tomorrow night, when Moose Hall, Tenth and Clay streets, will be the scene of an elaborate "Ladies Night" to which women and their friends are invited. The program will be enjoyed, and several surprises have been promised by the officers in charge of the occasion. The affair will be one of several social events planned by the lodge for the next few months. Only members and their guests will participate in the evening's entertainment.

The committee of arrangements consists of the following: A. Vander Nulden, Jr., B. Moffitt, M. C. Lawrence, J. Barbeau, and A. J. Mazuratte.

WHAT \$10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

OAKLAND BOYS' CLUB

Program for Club Meeting Is Last

VERA HANSON.

At the first meeting of the members of the Little Musicians' Club of this city, a program of instrumental music was enjoyed. Miss Lucy D. Henthall, director of the club, arranged the entertainment which was given last Saturday afternoon at the home of one of the musicians. The juvenile musicians who took part were Vera Hanson, Gertrude Packer, Ruth Keelitz, Harold Washburn, Marion Burckhalter, Gladys Holmes, Gladys Washburn, Susan Fenton, Elizabeth Cummings and Ruth Tande Peet. A sketch of the life of Joseph Haydn was read by Agnes Hentall.

Among the invited guests were Margaret De Lacey, Doris De Lacey, Katharine West, Ruth Van Gundy, Louis Le Protti and Sidney Cole.

LITTLE TEST FOR GIRLS' ATHLETICS

O. H. S. Woman Urges More Interest to Recover the Championships.

Girls' athletics in the grammar schools of Oakland have been neglected for a long time while the boys entered baseball

contests in the Oakland schools' athletic league, which was brought to a close several days ago. The girls of the Elmhurst school won the championship in the city basketball game last season. The Elmhurst school was awarded the championship for the boys of this city last year.

In all the high schools there was a lack of enthusiasm among the girls in athletics this semester.

"The girls' basketball team has had a very unsuccessful season, due to the fact that so few girls have appeared for practice. We have received challenges but have been unable to accept them. It is up to all the girls of the school to help improve this situation. If you don't know how to play, come up and learn. We will come up and help teach those who don't."

"Last year the girls had a good team, and at the same time the boys were victorious. Let us get together and win this year. This is what can be done when all turn out to practice."

CHILDREN PLANT SEEDS FOR STATE POPPY DAY

The school children of Hayward have been invited to gather California poppies for the "Poppy Day" exhibition to be held during the Panama-Pacific International Exposition of 1915.

Throughout the State of California boys and girls will collect the choice flowers for the exhibit, which will be held under the auspices of the California Poppy League.

Seeds are being planted in all parts of northern and southern California for the Poppy Day display.

The Poppy Show which was conducted in the Oakland Chamber of Commerce recently was attended by hundreds of boys and girls of the local schools.

The well known show at the Oakland public museum attracted many children, who have made the floral exhibition popular in that institution.

WILL HOLD TESTS FOR FEDERAL POSITIONS

The United States Civil Service Commission announces that the examinations listed below will be held in San Francisco at an early date.

Plant pathologist in potato investigation (male) \$1500 to \$2250 per annum. Bureau of Plant Industry, Department of Agriculture.

Assistant market milk specialist (male) \$1000 to \$1750 per annum. Dairy Division, Bureau of Animal Industry, Department of Agriculture.

Dairy husbandman (male) \$1800 to \$2500 per annum. Dairy Division, Bureau of Animal Industry, Department of Agriculture.

Dairy manufacturing specialist (male) \$1800 to \$2500 per annum. Dairy Division, Bureau of Animal Industry, Department of Agriculture.

Market specialist (co-operation dairymen) (male) \$2700 per annum. Office of Markets, Department of Agriculture.

Assistant dairy husbandman (male) \$1500 to \$1700 per annum. Dairy Division, Bureau of Animal Industry, Department of Agriculture.

Market milk specialist (male) \$1500 to \$2500 per annum. Dairy Division, Bureau of Animal Industry, Department of Agriculture.

Application blanks and further information relative to these examinations may be obtained from the secretary, Twelfth Civil Service District, Room 241, Postoffice building, San Francisco, California.

QUEENS SEE COWBOY ARTIST'S WORK

LONDON, May 28.—Queen Mother Alexandra and Dowager Empress Marie of Russia visited the Dora Art Galleries yesterday. The West That Has Passed, a painting by G. G. M. Russell, of Great Falls, Mont., known as the "cowboy artist," interested the royal visitors more than any others and they expressed an intention to visit the galleries again.

BLUEJACKET WINS NAVY EDUCATION

Enlisted Man Is Given His Discharge So He May Enter Annapolis.

WASHINGTON, May 28.—Secretary Daniels today authorized the discharge of David E. Cummins as an enlisted man in the navy, effective June 1. On the following day Cummins will take the required physical examinations and be sworn in as a midshipman at the naval academy, having already successfully passed the entrance examination.

Cummins entered the navy at St. Louis last autumn, and was at the school for seamen at Newport, R. I., when he received a nomination as midshipman from Representative Goodwin, of Arkansas, last February.

CHINESE CONSUL HAS "AMERICANIZED" NAME

SAN FRANCISCO, May 28.—An innovation which may work as much toward the Americanization of Chinese in the United States as did the removal of the queue, has been adopted by Shan Ching Shu, Chinese consul-general at San Francisco, in an effort to become as nearly as possible like the Occidentals with whom he deals.

Shan Ching Shu, who, by all the traditions of China and by thousands of years of custom, should be known by his Chinese surname of "Shan," has made public the request that henceforth he be known by the cognomen of "Shu." He says he has Americanized his name by dropping it backward. He has done just what a John Jones would do were he to call himself Mr. John instead of Mr. Jones.

From time immemorial the Chinese have placed their surname or family name before their baptismal or given name. Thus Shan Ching Shu, according to the ancient Chinese rule, belongs to the family of Shan and not to the family of Shu, as it might be supposed by an American.

"THE ZONE" TO BE NAME OF FAIR'S JOY STREET

SAN FRANCISCO, May 28.—"The Zone" was the name definitely decided upon yesterday as the designation for the avenue of fun in the concessions district of the Panama-Pacific International Exposition. This decision was made at a meeting of the concessions committee of the exposition and was later approved by the President. "Meet me in the Zone" is expected to be one of the popular phrases during 1915.

More than a year ago the exposition management announced as prize for the best name suggested for the amusement avenue a season pass to the exposition. Something like 30,000 answers were received and they have all been carefully studied. "The Zone" was finally chosen because of its distinctiveness and its association with the Panama canal, the completion of which the exposition is to celebrate.

The names of the amusement streets of former expositions have lived for years. "The Midway" at Chicago, and "The Pike" at St. Louis are still familiar to the ear. Who the winner of the Panama-Pacific Exposition is will not be known until the answers are gone over again, and the hour of the receipt of the notice from these suggestive "The Zone" are carefully checked.

CHURCH GUARDED FROM ITS PASTOR

Woodland Trustees Bar Doors and Employ Husky Watchman.

WOODLAND, May 28.—No sooner had Rev. E. J. Baird notified by letter, received here by T. O. Arens, secretary of the Woodland Educational Church vestry, that he would return and seize the church property and would withdraw his resignation, that the vestrymen hastened to bar all the doors and windows of the church and rectory.

A husky guard six-foot tall and weighing over 200 pounds, was placed in the rectory to hold the fort against any strategy of the clergymen. His name is E. C. Facker. With an unusual amount of brawn, Facker is guarding the rectory by day and by night.

Baird has the key. He says he is coming back and will steadily refuse to permit anyone else to occupy his pulpit. He asserts that the conditions upon which he resigned three weeks ago and received \$400 for his back salary have not been fulfilled, inasmuch as the resolution to pay Baird \$500 for expenses incurred in defending himself in the civil and ecclesiastical actions was defeated at the convention of the Sacramento diocese held at Chico last week.

The vestrymen contend that Baird resigned unconditionally and that he has been paid in full.

NAVY ENGINEER DIES.

WASHINGTON, May 28.—The death of Chief Engineer Johnson of the collier Ajax was reported to the Navy department last night by Rear Admiral Cowles from Shanghai. Johnson died of apoplexy at Tientsin, P. I.

ENGINEERS WILL MEET IN NEW YORK SESSION

NEW YORK, May 28.—One of the most notable gatherings of engineers in the history of New York City convened sessions today to celebrate through Saturday the fiftieth anniversary of the opening of the Columbia School of Mines on Morningside Heights. Eminent scientists will speak at the banquet of graduates tomorrow night at the Waldorf-Astoria.

BIG CASINO PLANNED FOR CITY OF PANAMA

LONDON, May 28.—The Earl of Shrewsbury and Talbot heads a syndicate which plans to open a magnificent casino in Panama City. Efforts are now being made in France to raise \$2,000,000 for the project. According to the plan, the casino will be a London banking firm, which issued it in Paris, the plans provide for a roulette palace, "second not even to Monte Carlo casino."

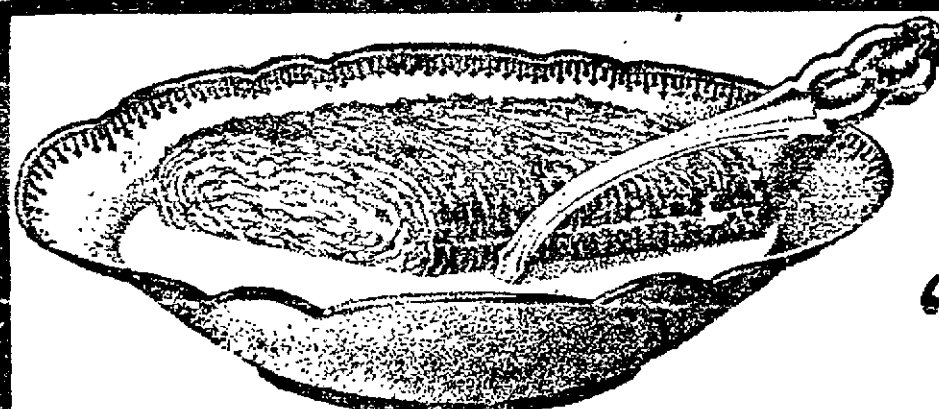

WILDE'S "CONFESSIONS" CAUSE APPREHENSION

LONDON, May 28.—Smart society will have a big topic for gossip between Ascot and Cowes this year. It will be caused by "The Life and Confessions of Oscar Wilde," a volume by Frank Harris. Some persons are already getting nervous at its contents.

Wilde's comments on famous people of his time are so unmercifully scathing that it may safely be said that no more frank criticism of contemporary life and letters has ever been published.

Nearly everybody of note is mentioned—Tudor, Pater, Whistler, Churton Collins, Asquith, Lord Alton, Lytton, and George Wyndham—in fact, hundreds of celebrities.

The book, about 150,000 words, will be ready in July.

Not
"Bleached"!

The Department of Agriculture at Washington has been defeated in its efforts to prevent the bleaching of white flour with chemicals. This is a defeat for the people as well as the Department of Agriculture. The controversy over "bleached flour" does not disturb the household that knows

Shredded Wheat

It contains all the body-building nutriment in the whole wheat grain, is not "bleached," nor "treated," nor "compounded" with anything; contains no yeast, baking powder or chemicals of any kind. Its purity, cleanliness and food value stand unchallenged, being endorsed by the highest health and dietetic authorities.

Always heat the Biscuit in oven to restore crispness. Two Shredded Wheat Biscuits with hot milk or cream will supply all the energy needed for a half day's work. Deliciously nourishing when eaten in combination with baked apples, stewed prunes, sliced bananas or canned or preserved fruits. Try toasted Shredded Wheat water, for luncheon with butter, cheese or marmalade.

Made only by The Shredded Wheat Company, Niagara Falls, N. Y.

DIGGS NOT TO FIGHT DIVORCE ACTION

"I Was Completely Surprised and Deeply Affected," Says Defendant.

"I can no longer stand the notoriety that has been brought upon me and my daughter. I am trying to get away from it all, and I will live in the quiet country among the friends of my girlhood days."—Mrs. Maury I. Diggs.

"If my wife desires a divorce, I shall not fight against it. My wish is for her happiness. I have always given my family the best of care and attention, and I shall respect my wife's wishes in this divorce proceeding. The complaint was a complete surprise to me, and I am deeply affected."—Maury I. Diggs.

WOODLAND, May 28.—Mrs. Maury I. Diggs, who has instituted a divorce action against her husband on the grounds of extreme cruelty, remained loyal to her husband through all the trying ordeal of the Diggs-Caminetti white slave trial, but her endurance reached the breaking point with the appearance of Diggs' name in the Ida Pearing case.

Diggs arrived here Tuesday evening with his father, Irvin P. Diggs, of Berkeley, prior to a trip to the Yosemite by automobile. He was served with a summons and copy of the complaint yesterday by Constable Barker, and although he made no comment, he was visibly shaken and perturbed. He read the complaint carefully from cover to cover, then hurried to his automobile and drove to the Kinchella home, five miles south of here, where his wife is staying with her parents.

WILL NOT FIGHT DIVORCE

"I was completely surprised by the divorce complaint," said Diggs this morning, "and I am deeply affected. I had an interview with my wife yesterday and found that she is unalterable in her decision. If she desires a divorce, I shall not fight against it. My first wish is for her happiness. I have always given my family the best of care and attention, and I shall respect my wife's wishes in this matter. I had stopped over here with my father with the hope of taking a rest and dropping the troubles of the past from my mind. I am on my way to the Yosemite Valley and I shall probably leave today."

When seen today at the home of her parents in their Verant Valley residence, Mrs. Diggs repeatedly assured that she had no statement to make for publication.

"I am trying to get away from it all," she said, "and I shall live in the quiet country home among the friends of my girlhood days."

PRIDE IN DAUGHTER

She talked freely about her six-year-old daughter, Evelyn, whose custody she requests from the court, and told with pride of the artistic talent which she has inherited from her father.

The complaint has been placed on the secret file in the county clerk's office and its allegations are known only through the revelations of Attorney A. C. Huston.

"The grounds upon which the divorce is sought are extreme cruelty," he said. "Mrs. Diggs has decided that under the circumstances, she can no longer remain the wife of Maury Diggs. The charges of cruelty are based principally on the mental suffering, worry and humiliation resulting from the publicity of the Washington and Pearing cases."

Mrs. Diggs asks for the custody of her daughter and a reasonable alimony.

ELOPED IN 1906

Diggs and his wife, who was Lina Kinchella before her marriage, eloped and were married in Sacramento on

NURSES NAME OFFICERS OAKLAND WOMAN LEADS

MRS. AMOS W. EVANS OF THIS CITY, WHO WAS ELECTED PRESIDENT OF THE CALIFORNIA NURSES' ASSOCIATION.

SACRAMENTO, May 28.—Mrs. Amos W. Evans of Oakland, was elected president of the California Nurses' Association, at its eleventh annual convention, which closed here today. The convocation opened last Monday morning in the assembly hall of the Young Men's Christian Association.

Selected to assist Mrs. Evans in the administration of the affairs of the state association are Miss I. Pickhardt of Pasadena, vice-president; Miss Martha Willson of Sacramento, second vice-president; Miss Clara Saunders of San Francisco, treasurer; and Mrs. J. H. Taylor of San Francisco, secretary.

By a vote of sixty-five to ten, the delegates to the association, opposed the initiative amendment, which will be voted upon next November, providing for a universal eight-hour law throughout California.

The action was taken after two hours' debate, which followed an address delivered by Mrs. Charles Farwell Edson, member of the Minimum Wage Commission. She declared that the eight-hour law for student nurses was framed with a view to the protection of exploited and overworked girls.

An official plan, designated by Miss Stella H. Kettles, of the Sacramento Nurses' Association, was accepted. It consists of a Maltese cross, on which is spread a poppy on a blue background. The letters R. N., meaning "Registered Nurse," appear on the petals of the California flower. The words "State of California" encircle the outer rim of the badge.

The choice of San Francisco for the National Convention next year was ratified unanimously.

Burns Detectives Are Fined for Operating

ATLANTA, Ga., May 28.—Three Georgia detectives, operating as representatives of William J. Burns, were fined \$200 each in court today after having been found guilty of working on the case of Leo M. Frank without being appointed by the local police board. They were bound over to the state courts under similar state laws. Similar charges against C. F. Sears and W. D. McWorth, two other Burns operatives, were dismissed.

WILL SHOW TERRIERS

NEW YORK, May 28.—With James Waterhouse, president of the New York Boston Terrier Club, as judge, the annual specialty show of the organization opened here today with one of the greatest entry lists in the club's history.

The evening of October 6, 1906, by Rev. Roger of the Christian church, the bride was at the time a student in the local high school and was under age. Diggs was studying architecture with R. E. Harold. Shortly after the marriage, the young couple returned and obtained the parental forgiveness.

The Kinchella family has lived in this community for three centuries, a century and in highly esteemed. The Diggs family resided here until about seven years ago, when its members moved to Berkeley. They have many relatives living in Woodland and Sacramento. It is said that Mrs. Irvin P. Diggs, mother of Maury, is seriously ill at Boyes Springs, suffering from a nervous breakdown.

Japanese Minister to China Dies Suddenly

PERKIN, May 28.—Y. Yamaza, Japanese minister to China, died suddenly last night. Only three days before the first secretary of the Japanese legation also died. Neither of the deceased was known to have been ill and their almost simultaneous death caused much comment here.

Yamaza was one of the ablest among the younger diplomats of Japan. He was the right hand man of the late Marquis Komura, and played an important role in the peace conference of Portsmouth. Later he was councillor of the Japanese embassy at London.

MUNSEY SEES ROOSEVELT AT OYSTER BAY

Leader of 1912 Progressive Campaign Visits Colonel.

OYSTER BAY, May 28.—Frank A. Munsey, one of the leaders of the Progressive campaign in 1912, came to Oyster Bay today to see Colonel Roosevelt.

It was Munsey, who after the campaign, launched a movement for amalgamation of the Progressive and Republican parties, which Colonel Roosevelt would not approve. Munsey, motored from New York with George W. Perkins.

Colonel Roosevelt had recovered today from the fatigue of his trip to Washington and apparently was as vigorous as ever. He said he expected several other political visitors later in the day.

It was plain when Theodore Roosevelt returned last night from his trip to Washington that he was still feeling the effects of his expedition in the South American jungles. Before he left home yesterday, he appeared to be well as ever, but the strain of the hours spent at the capital followed by a day in New York, had their effect. He is expecting great benefit from his voyage to Europe, and expects to return in the best of condition.

TROOPS ARE NEEDED

Judge Advocate Says Martial Force Must Remain in Colorado.

NEW YORK, May 28.—Federal troops could not be withdrawn from Colorado without danger, according to testimony given today by Major Edward J. Boughton, judge advocate of the Colorado military district, before the federal commission on industrial relations in session here.

Major Boughton said he had been sent by Governor Ammons and by his own commanding officer of the Colorado National Guard to enlighten public opinion. "Which has been inflamed by press reports."

DENVER, Colo., May 28.—Interest at the general court martial, engaged in the trial of officers and members of the Colorado National Guard on charges growing out of the Ludlow battle of April 29, centered today in the appearance as witnesses of John R. Lawson, international executive board member of the United Mine Workers of America and Mrs. Alma V. Lafferty, chairman of the committee named by the Women's Peace League, which visited Ludlow following the battle.

The union leader and Mrs. Lafferty are the first witnesses to appear. They are not members of the Colorado National Guard.

Ten commissioned officers and twelve non-commissioned officers and privates have been tried since the court martial convened at the state rifle range near Golden, May 11.

OFFICERS IMPLICATED

Major Patrick J. Hammer, the rank ten officer at Ludlow on the day of the battle, was first tried on charges of murder, manslaughter, arson, and larceny. Practically the same testimony was presented in each case.

In the case of Lieutenant Karl E. (Monty) Linderfelt, second ranking officer, whose trial has been left until the last, charges of assault and battery and assault with a deadly weapon have been added. A military commission which investigated the battle and subsequent charges against Linderfelt with breaking the stock of his rifle by striking Louis Tikas, a Greek strike leader, over the head after Tikas had been captured by the State troops.

It was upon recommendation of the military commission that the general court martial was called.

'Rah for Liberty!' Is Militant's Jail Cry

LONDON, May 28.—A French militant suffragette who was arrested for smashing three windows at the National Gallery, created a scene when she was brought before the magistrate at Bow Street Police Court today.

She continually shouted in French, "Hurrah for Liberty!" and "Hurrah for Christened Bankruptcy!"

The prisoner refused to give her name and told the magistrate she did not want to hear anything. She was remanded for a further hearing.

When arrested the woman was carrying a bag filled with flints, some of which she had used on the windows of the National Gallery.

A bomb filled with gunpowder, gelatin and iron bolts was found today in the freight car of a train at Wellingborough. The missile is believed by the authorities to have been placed by suffragettes.

LETTERS LEAD TO CRAMER MURDER

"Bert" and "Bill" Missives Figure in Testimony at Trial.

KANSAS CITY, May 28.—Letters which passed between the wife of Dr. W. T. Elam of St. Joseph, Mo., and W. Putnam Cramer of Chicago were the subject of testimony today in the trial of the physician for the murder of Cramer.

Mrs. Robert Riley, testifying for the defense, said she had aided Cramer and Mrs. Elam to meet and correspond. She told of coming to Kansas City with Cramer in 1908, and later, Mrs. Riley testified, Dr. Elam called her on the telephone and told her he knew of the secret correspondence and asked her to turn over the letters intended for Mrs. Elam to him. She said she immediately wrote Cramer that everything was known and "the situation tense." She advised Cramer to write a letter that would appease Dr. Elam. Mrs. Riley said this letter was written and she gave it to Dr. Elam.

Red Hat Conferred Upon the Cardinals With Notable Ceremony

ROME, May 28.—The public consistory at the Vatican at which the red hat was conferred on those now in Rome of the hierarchy, was held in the Sala Terrena of the Vatican Museums created on Monday was held today and was attended by several thousand persons, most of whom were Americans and other foreigners. A special mission will be sent to take the berrettes to the absent cardinals, as was done in the case of Cardinal Gibbons.

The ceremony attracted much attention outside the Vatican, as the cardinal watching the departure of each cardinal from his residence to go to the apostolic palace.

The papal procession and the ceremony were conducted with great pomp. The passing of the pontiff, surrounded and followed by many ecclesiastical, military and civil dignitaries, was most spectacular.

After the consistory the cardinals, both old and new, gathered in the Sistine chapel to return thanks and then in the consistorial hall, where Pius X bestowed the cardinal's ring, granted them the privileges of their position and named their titular churches.

SELLS STOCK IN A MYTHICAL EDIFICE

C. H. Knight Jailed for Fake World's Fair Amusement Scheme.

LOS ANGELES, May 28.—Charged with defrauding working people by selling stock in an alleged fictitious amusement building outside the grounds at the Panama-Pacific Exposition at San Francisco, C. H. Knight, a San Francisco resident, was today jailed in default of bail to await trial in the Superior court. The stockholders testified that Knight had shown them pictures of the projected building, which was to be a mile in height and built in the shape of a corker. A San Francisco official testified that Knight had not purchased any property in that city as he is alleged to have pretended.

Child Sees Historic Message: Dies Aged

BERKELEY, May 28.—Mrs. Martha B. Roberts, who as a child watched her grandfather write the message to President Polk that announced the discovery of gold in California, is dead at her Berkeley home. It was her grandfather, Major Stephen Cooper, veteran of the war of 1812 and the Mohawk war, who wrote to Polk telling of Marshall's discovery of gold. On the trip across the plains Cooper was captain of forty ox teams. Mrs. Roberts was one of seven children in the Cooper family.

She died after an illness of years at the home of her niece, Mrs. W. D. Wiley, 2121 Bancroft way, Berkeley.

She and her husband, Amos Roberts, who died three years ago, lived in Alameda county from 1876 onward. Mrs. Roberts' funeral will be held tomorrow.

Commission Delves Into Morgan Books

NEW YORK, May 28.—Four examiners of the Interstate Commerce Commission arrived at the offices of J. P. Morgan & Company shortly after 11 o'clock today and began an examination of the firm's books and records relating to the New Haven Railroad. The results of the examination are to be submitted to the commission. The formal inquiry into the New Haven matter will be resumed next Wednesday.

Bank Failure Causes Arrest of Noblemen

PARIS, May 28.—Baron Henri de Ruffelle was arrested last night on charges of fraud in connection with the failure of the banking house of de Ruffelle & Co., on May 4. The closing of the doors of this concern led to an extensive investigation of its affairs. The liabilities are estimated at close to \$5,000,000 and the assets about \$500,000.

Gasoline Explodes Often During Fire

SAN JOSE, May 28.—The flames and smoke damage was done by fire here last night when a building occupied by the Pacific States Automobile Association garage and Drake Artylene Burner Company, was destroyed. Explosions of great quantities of gasoline and oils endangered the lives of the firemen. The building is owned by K. Mose of San Francisco.

Scents Railway Trust In N. V. Central Road

WASHINGTON, May 28.—A resolution calling on the attorney general to inform the Senate if the combination of railroad lines comprising the New York Central system is in violation of the Sherman Anti-trust law was introduced today by Senator John A. Reed, Republican of Nebraska. On objection by Senator Reed, it went over until tomorrow.

Japanese Minister to China Dies Suddenly

PERKIN, May 28.—Y. Yamaza, Japanese minister to China, died suddenly last night. Only three days before the first secretary of the Japanese legation also died. Neither of the deceased was known to have been ill and their almost simultaneous death caused much comment here.

Yamaza was one of the ablest among the younger diplomats of Japan. He was the right hand man of the late Marquis Komura, and played an important role in the peace conference of Portsmouth. Later he was councillor of the Japanese embassy at London.

Forty-Seven Persons ARE OVERCOME IN FIRE

DETROIT, Mich., May 28.—Forty-seven persons were overcome by smoke from a fire which threatened to destroy the Ford Street union station. The condition of some of them was said to be serious. A dozen foreigners, locked in basement room had a narrow escape from suffocation.

Japanese Minister to China Dies Suddenly

PERKIN, May 28.—Y. Yamaza, Japanese minister to China, died suddenly last night. Only three days before the first secretary of the Japanese legation also died. Neither of the deceased was known to have been ill and their almost simultaneous death caused much comment here.

Yamaza was one of the ablest among the younger diplomats of Japan. He was the right hand man of the late Marquis Komura, and played an important role in the peace conference of Portsmouth. Later he was councillor of the Japanese embassy at London.

Forty-Seven Persons ARE OVERCOME IN FIRE

DETROIT, Mich., May 28.—Forty-seven persons were overcome by smoke from a fire which threatened to destroy the Ford Street union station. The condition of some of them was said to be serious. A dozen foreigners, locked in basement room had a narrow escape from suffocation.

Gasoline Explodes Often During Fire

SAN JOSE, May 28.—The flames and smoke damage was done by fire here last night when a building occupied by the Pacific States Automobile Association garage and Drake Artylene Burner Company, was destroyed. Explosions of great quantities of gasoline and oils endangered the lives of the firemen. The building is owned by K. Mose of San Francisco.

Scents Railway Trust In N. V. Central Road

WASHINGTON, May 28.—A resolution calling on the attorney general to inform the Senate if the combination of railroad lines comprising the New York Central system is in violation of the Sherman Anti-trust law was introduced today by Senator John A. Reed, Republican of Nebraska. On objection by Senator Reed, it went over until tomorrow.

ORCHID EXHIBITION

Three Days, Commencing Today

Commencing Thursday, May 28, 1914, and continuing for three days, one thousand dollars' worth of these rare beauties of the Cattleya variety will be shown, from the product from the artist's hand, in form of beautiful snows and varied floral arrangements. Don't miss this opportunity of seeing the greatest display ever shown on the Pacific coast.

Third heat—T. Lennon, St. M. scratch; R.

ANOTHER INDIAN MARVEL IS FOLLOWING ON THORPE'S TRAIL

CARLEISLE, Pa., May 27. — America need have no fear that the world's all round athletic championship, which Jim Thorpe, the famous Indian, won at the Olympic games at Stockholm in 1912, will go to any other country in 1916 now that Thorpe has become a professional ball player.
At Carleisle Indian school a successor to Thorpe is already in the making, and if the records this new champion has been making this spring count for anything, there is little doubt that another Indian will win for America and also set a new record.
The Indian who will fill Thorpe's shoes is Joe Guyon, the 20 year old redskin who made such a phenomenal showing last fall on the gridiron that every critic

thought he was a professional. Guyon, though only a freshman, made a marvelous record in the recent class athletic games at the Indian school.
WON THIRTY-NINE POINTS.
This football star won seven events, and captured places in two others for a total of 39 points, and his records were exceptionally fine considering the many events in which he competed. Guyon captured the 100 yard dash in 10.4 seconds, and a few minutes afterward, too, the 220 yard event in 23.45 seconds. He jumped from this race into the 100 yard hurdles without any rest, and romped

second, a time he could have improved had he been pushed.
His first year at track events, he took the broad jump with a leap of 20 feet 2 inches, and leaped 9 feet 2 inches in the running high jump. He entered the hammer event, the first time he ever handled this missile, and threw it 92 feet in one toss. Coach Warner believes he could add 50 feet to the distance he threw. Guyon rolled over to the shot putting circle and won that event by tossing the 16-pound leader ball 28 feet 2 inches. He romped off his performances, heavy though he is, by entering the pole vault and winning that event with a leap of 8 feet 3 inches.

600 YARDS HANDICAP.
First heat—H. Henderson, P. A. C. scratch; G. Taylor, O. C. scratch; W. B. Roth, P. A. C. 10 yards; H. Meyer, St. M. 10 yards; E. Street, O. V. M. C. A. 3 yards; P. Herick, St. M. 4 yards; A. Barrett, P. A. C. 5 yards; E. Forsyth, Oge. 6 yards; H. Norton, Caledonian, 7 yards; G. H. Jones, Oakland, 8 yards; W. Henderson, un. 9 yards; H. Lewis, un. 10 yards.
Second heat—H. Henderson, P. A. C. scratch; K. Hanson, O. C. scratch; H. Roth, St. M. 2 yards; H. Rogers, P. A. C. 3 yards; L. Perkins, S. P. Y. M. C. A. 4 yards; H. Schenck, S. P. Y. M. C. A. 5 yards; H. Wainwright, un. 6 yards; E. L. Peague, un. 7 yards; W. Kram. un. 8 yards.
Third heat—T. Lennon, St. M. scratch; R.

HALF MILE HANDICAP.
First heat—H. Henderson, P. A. C. scratch; G. Taylor, O. C. scratch; W. B. Roth, P. A. C. 10 yards; H. Meyer, St. M. 10 yards; E. Street, O. V. M. C. A. 3 yards; P. Herick, St. M. 4 yards; A. LEGAL NOTICE

IN the Superior Court of the State of California, in and for the County of Alameda.

In the matter of the application of **SAN FRANCISCO - OAKLAND TERMINAL RAILWAYS**, a corporation, for change of name to **THE CALIFORNIA RAILWAYS COMPANY**, San Francisco-Oakland Terminal Railways, petitioner.

On reading the verified petition of Francisco-Oakland Terminal Railroad, the United States court on the 26th day of May, 1914, praying for a decree changing its name from SAN FRANCISCO - OAKLAND TERMINAL RAILROAD to THE CALIFORNIA RAILWAYS COMPANY, which said verified petition is in the following words:

Twit:

In the matter of the application of SAN FRANCISCO - OAKLAND TERMINAL RAILROADS, a corporation, for change of name to THE CALIFORNIA RAILWAYS COMPANY, San Francisco - Oakland Terminal Railroad, petitioner.

No. 43067. Dept. 1.

The petition of San Francisco-Oakland Terminal Railroad respectfully shows:

That petitioner is a private corporation incorporated under the laws of the State of California on the twenty-first day of March, 1912, and that it originally filed Articles of Incorporation in the office

one were duly received by him and that he had a copy thereof. On the twenty-third day of March, 1912, filed with the Secretary of the said State of California; that said corporation is located at its principal place of business in the County of Contra Costa, State of California, and the greater part the property of petitioner is situated in said County of Alameda, State of California.

That the present name of petitioner is THE SAN FRANCISCO-OAKLAND TERMINAL RAILWAYS COMPANY, and that petitioner desires to take and assume another name than the one held by it and that the name which it desires to take and assume is THE CALIFORNIA RAILWAYS COMPANY.

That the grounds of this application for such change of name are as follows, to-wit: The present name is cumbersome and inconvenient in being a hyphenated combination of the names of two cities and the word "terminal," and the changing of the name is the transaction of petitioner's business as such, and as a corporation doing business only between San Francisco and Oakland only, whereas petitioner is engaged extensively in the railway business throughout the County of Alameda and the County of Contra Costa; the proposed name would better suit because petitioner intends to conduct its railway business in various counties of the State of California.

That this petition has been authorized by a resolution passed by a majority vote of its Board of Directors and assented to by the stockholders of said corporation, two-thirds of the subscribed capital stock of petitioner; that the number of directors of said corporation, petitioner has authorized by resolution to elect five Directors to-wit: Five have authorized and made and hereby make this application and have signed the same:

That the name proposed to be used by petitioner, that is to say, the name of the corporation organized under the laws of this State or under the laws of any other State and doing business within this State, is the name of said corporation, the name of said corporation existing as will tend to deceive.

Therefore, petitioner prays that this court make its order appointing a time and place for the hearing of this application and providing for the publication of notice of the time and place of hearing of this application, and that the same be placed from SAN FRANCISCO-OAKLAND TERMINAL RAILWAYS TO THE CALIFORNIA RAILWAYS COMPANY.

IN WITNESS WHEREOF, the undersigned, SAN FRANCISCO-OAKLAND TERMINAL RAILWAYS, By W. A. BISSELL, President.

J. F. CARLSON, Attorney.

F. R. WHIFFLE, Attorney.

W. W. BROOKS, Attorney.

F. W. FOSTER, Attorney.

H. SMITH, of the FIRM OF MORDECAI & SMITH, Attorneys for Petitioner.

It is hereby ordered, that the said varied petition be set for hearing on the 10th day of June, 1912, at the hour of ten o'clock in the forenoon of said day in this Court, Department Number 1 thereof, in the Court House situated on Broadway, between Fourth and Fifth streets, in the County of Oakland, State of California, and that all persons interested in said matter appear before the above entitled court at said time and show cause why the said petition should be granted or to show to the court any objections or good reason against such change of name.

And it is further ordered, that a copy of this order be published for four days.

the hearing of said petition in the Oakland Tribune, a newspaper of general circulation printed in the City of Oakland, County of Alameda, State of California, where the principal place of business of petitioner is located.

Dated this 26th day of May, 1914.

T. W. HARRIS,
Judge of the Superior Court.

Success may not depend so much upon
what you do yourself as upon what you
convince others into doing for you.

WILSON SPEAKS AT
COLLEGE OPENING

American University at Wash-
ington Ready for
Students.

WASHINGTON, May 28.—President Wilson and two members of his cabinet, Secretaries Bryan and Daniels, participated yesterday in the formal opening of the American University, the new national Methodist Episcopal school, located on the Potomac heights overlooking the nation's capital.

Bishop Earl Cranston of Washington presided at the ceremonies, held on the university campus and attended by thousands of educators and clergymen from all parts of the United States. The late President McKinley and Colonel Roosevelt had consecrated the buildings for the university, which was projected twenty-five years ago by Bishop Hurst.

"Scholarship, it seems to me," President Wilson said in his address, "is the mastery, the exact mastery and comprehension of great bodies of knowledge; and the comprehension is more difficult than the mastery. It is much easier to acquire than it is to interpret, and yet

all knowledge is dead which is not interpreted. The vision of the scholar is the vision of the seer."

Secretary Daniels described the navy as a great university and emphasized the fact that patriotism and religion have always gone hand in hand. He insisted that religion and education must also be united.

"BADGERS" WILL UNITE
UPON MEMORIAL DAY

The Wisconsin Society, made up of former residents of the Badger state, will join with the society of Happy Badgers of San Jose for an outing at Los Altos on Memorial Day. Special train will leave Third and Townsend street at 9 a. m. on the thirtieth.

This is the one big affair of the year for former residents of Wisconsin to get together and indulge in reminiscence.

WOMEN OF AUXILIARY
GIVE WHIST PARTY

The Ladies' Auxiliary Order of Owls of Berkeley, played military whist in their lodge rooms, Menlo Temple, Monday evening. The prizes were awarded to Mrs. Keel, Miss Zita Cavanagh, Fred Suskoltz and Robert Lloyd.

Refreshments were served and music and dancing concluded the evening. The committee in charge: Chairman, Mrs. Nellie Hall, assisted by Mrs. Helen Murphy, Miss Olive Dufort and Miss Zita Cavanagh.

Calendar of Through
Sleepers East

EVERY DAY

SOUTHERN PACIFIC: Through standard sleepers every morning on train No. 20 for Omaha and Chicago, by daylight through Salt Lake and scenic Colorado; from Denver via the Burlington. The schedule allows an hour and a half in Salt Lake and three hours in Denver.

WESTERN PACIFIC: Through standard sleepers every morning on train No. 2 for Omaha and Chicago, by daylight through Salt Lake and scenic Colorado; from Denver via the Burlington.

SUNDAYS
TUESDAYS
THURSDAYS

SOUTHERN PACIFIC: Personally Conducted Through Tourist Sleeper Parties leave on evening train No. 6, going via Salt Lake, scenic Colorado, Denver, thence Burlington. The schedule of these through sleepers, with their conductors, allows eight hours for sight-seeing in Denver.

Thursday Parties are Personally Conducted to Detroit, Buffalo, Boston, via Michigan Central and Niagara Falls.

WEDNESDAYS

SOUTHERN PACIFIC: Personally Conducted Through Tourist Sleeper Parties leave on evening train No. 6 for St. Joseph, Kansas City, St. Louis, going above route to Denver, with same schedules and stop-overs, thence Burlington to St. Louis.

MONDAYS
THURSDAYS
SATURDAYS

WESTERN PACIFIC: Personally Conducted Through Tourist Sleeper Parties leave on morning train No. 2; Mondays and Saturdays for Omaha, Chicago; Thursdays through tourist sleeper, not conducted, going via Salt Lake, scenic Colorado, Denver, thence Burlington.

Let us send you "Personally Conducted Parties" and tell you how well the Burlington's various main routes can be utilized in a one way or round trip journey East. It is "travel education" to rise 1,000 miles in a Burlington train.

REGAL SHOE CO.
LEWIS SHOE CO.

FINE CHIEF?
ATTEMPT
FAILS

Thirteen Witnesses Can't Prove
Thirteen Charges; Now He
May Resign.

When a fire chief is accused of taking Piedmont Park Cafe dishes, or going to a fire without his uniform, isn't that reason enough to be a little bit peevish? Parker thought so.

When he is also charged with taking a fire chief's car, isn't that a little bit more complaint?

When people say that there's a buzzing sound in his fire alarm system, and that he bought a drink for a fireman; that he took joy rides in the fire machine, and that he electioneered in the same machine—to say nothing of speeding the machine in Oakland, isn't that calamity?

Wherefore, Piedmont's fire chief was angry last night, and after the charges against him had been disproved, wanted to quit anyhow. The trustees are now butting his injured feelings and the hill town is more than sympathetic and apologetic.

GOSSIP IN COURT.

Charges of joy riding in the town automobile, and other sins ranging from the taking of dishes from the Piedmont Park Cafe to going to a fire without his uniform, were arrayed last night against Fire Chief T. C. Parker of Piedmont, when the hearing, demanded by him of the town trustees, resulted in his exoneration on all the accusations.

There were thirteen charges in all. They were, it was discovered, based on hearsay evidence. After Parker's exoneration by the board, he tendered his resignation, which the board refused to accept. He has now taken a week to think it over.

The accusations against the fire chief were as follows:

- 1.—That Fire Chief Parker accepted \$100 commission from the automobile company that sold the city the chief's machine.

- 2.—That he took dishes from the Piedmont Park Cafe.

- 3.—That he took blankets from the fire houses and sent them to his mother.

- 4.—That he took joy rides at night in the town's automobile.

- 5.—That he did not attend the Tacoma conference of fire chiefs in 1913, but spent the money appropriated out of town.

- 6.—That once he went to a fire without wearing his uniform.

- 7.—That he is inefficient because he can't combine the police and fire signal system so that it can be used for both purposes.

- 8.—That he tried, but there was a buzzing noise in the line.

- 9.—That he sent an old fire horse to his father.

- 10.—That he boxed up fire department materials and sent to his father.

- 11.—That he electioneered in the city's automobile at last campaign.

- 12.—That he was seen speeding down Washington street in Oakland in the city's machine and with the muffler wide open.

- 13.—That he bought a drink for E. J. Christianson, a former fireman and once that later in the day Christianson was discovered sitting in the intoxicated by the Oakland police.

UNLUCKY THIRTEEN.

The thirteen charges were preferred by thirteen equally uneventful witnesses. The witnesses were Town Trustee Lawrence Moore, P. F. Howard, city clerk J. H. Sprague, discharged fireman John P. Rose, former city marshal, who has announced himself as a candidate to succeed Parker; F. A. Stairs, former city clerk and now town marshal; E. C. Craig, justice of the peace; A. W. Craig, his brother, both sons of former Mayor Hugh Craig; A. O. Foster, Robert Johnson, former deputy marshals; E. M. Mathewson, fireman; W. S. Marshall, former fireman; and H. F. Smith, superintendent of the city.

BERKELEYAN FREED OF
POLICE COURT CHARGE

Ramus Johanneessen of Berkeley, who was charged with driving an automobile in the city of Oakland while intoxicated, was found not guilty in the police court of this city yesterday.

Johanneessen was charged with the offense by an Oakland police officer who testified on the witness stand that on the evening of April 22, Johanneessen was driving an automobile at the intersection of Fifth and Grove streets. The officer further stated that the hour was 5 o'clock in the evening.

The defense brought out the fact that at the time of the charge that day it was dark and the top and sides of the auto were up with powerful headlights burning and that as a matter of fact the defendant was not driving the machine at all but that it was driven by his younger brother, Reginald.

Made from the finest of Hawaiian coconuts. Used principally as a food for the hair and as a liniment. Also used as a flavoring extract.

Regular \$2.00
Thermos Bottle (full qt. size) \$1.20
It means water kept hot for the morning shave, coffee kept hot for the early breakfast or noon-day lunch. Just the thing while traveling, motoring, fishing, shooting and picnicking. Invaluable in time of illness.

Maltine . . . 72c
A concentrated extract of barley, malt, wheat and oats, in which no syrup or sugar, other than the malt itself, is used. Is prepared “plain” or in a combination with cod liver oil, cascara, ferrous, hypophosphates, olive oil and iron, quinine and strychnine.

Saponaal Tooth Powder, in tins 16c
A fragrant, purifying, antiseptic whitening dentifrice that contains listerine.

Regular 15c the Dozen
Aspirin Capsules . . . 9c
Each capsule contains five grains. Used to relieve cold in the head, neuralgia, etc.

Saxolite . . . 43c
A face astringent in powdered form.

25c Size
Omega Oil . . . 14c
Good for bruises, sprains and strained tendons. Used by best athletes and gymnasts in the country.

Regular 10c the Cake
Juvenile Soap . . 3 bars for 21c
One of the best toilet soaps on the market and one of the best sellers in the country.

50c Size
Nature's Remedy . . . 38c
In tablet form. Used for constipation, rheumatism and dyspepsia.

75c Size
Exceda Face Powder . . . 49c
An ideal rice powder. Adherent and invisible. Delicately perfumed. Imported from Paris especially for those who care.

Spratt's Dog Soap . . . 16c
A non-poisonous soap that leaves the coat smooth and glossy.

Kent Flea Driver . . . 17c
Has a pleasant, hardly distinguishable odor that is fatal to fleas and mosquitoes. Sprinkle it on the bedclothes, bedding, clothes or carpet to drive away fleas. Touch it lightly to the face and hands to keep off mosquitoes.

Shac (Stearns' Headache Remedy) 16c
Used principally to relieve severe headache and neuralgia.

Baby of Future is Considered
Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own home and in the towns and villages must prefer them. And since this is true we know from the great many splendid letters written on the subject that our “Mother's Friend” is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as “Mother's Friend” and the broader knowledge of them should have a helpful influence upon babies of the future.

BATTERY B BIRTHDAY TO BE CELEBRATED
Invitations are out for the celebration of the third anniversary of Battery B, which is to be held next Saturday evening at Barnum's Restaurant.

JAPANESE URGES PLAN: CITIZENSHIP IS ASKED
WASHINGTON, May 28.—Dr. Shoshuke Sato, who has been in America lecturing under the Carnegie endowment fund and who was yesterday the guest of the Japanese ambassador, in an interview declared that when he returned to his country he will tell the emperor that his personal opinion is that the only way to settle the California land question is for the United States to grant citizenship to the Japanese now in California, and that he will advise that no more Japanese immigrants be allowed in the country.

LAST TRIBUTES PAID TO PIONEER MINER
The funeral of Josiah P. Trumbody, a pioneer of California, who died last Monday at his home, 559 Sixth Street, was held yesterday afternoon from the Goodland undertaking parlors, Twenty-second and Webster street.

Josiah Trumbody crossed the plains in 1847 from Missouri and arrived in California in October, 1847. He engaged in mining in Placer county. He built the first brick house at Russell and Washington streets, San Francisco. He settled in Oakland in 1864 and has resided here for the past twenty years. Prior to settling in Oakland he was a farmer. He is survived by two sons, Charles W. and Albert W. Trumbody, also a brother, W. A. Trumbody of this city.
